

Australian Property Market Fall - Not a Crash

1. Surging Interest Rate

2. Impact on Property Price

3. Fall of Housing Market 

Why is Adelaide strong?

4. Decrease in inventory levels 

How do we measure the inventory levels?

Highlights of the report

There was already a housing market crisis 

There is another risk - building approvals for dwellings will fall further.

This is a fall, not a great crash

What is the government doing?
